VICLEAN

The most natural form of cleanliness and freshness

Water is synonymous with well-being. Its natural freshness and clarity make it a sensual feel-good factor in the bathroom. It relaxes, invigorates and makes daily hygiene a pleasure for both body and mind. Enjoy a pleasant shower-fresh feeling with Villeroy & Boch's ViClean shower toilets. ViClean provides a comfortable cleaning action with a gentle, warm jet of water. You can then simply dry yourself using a soft towel or paper. Gentle on the skin and very hygienic.

Villeroy & Boch has the right shower toilet for you and your needs. Discover our three ViClean models and be amazed by the elegant design, durable quality, premium materials and perfect functionality. Enjoy a clean and fresh feeling with ViClean from Villeroy & Boch.

VICLEAN-I 100

*Ingeniously discreet.
Refreshingly pleasant.*

The most beautiful things are often the most discreet. With ViClean-I 100, Villeroy & Boch has created a shower toilet whose revolutionary design is a continual source of pleasure. Its refreshingly elegant exterior conceals a high-quality shower toilet integrated almost invisibly within the ceramic, to bring you the gentle cleaning experience of fresh water. Discover the first stylishly discreet shower toilet.

VILLEROY & BOCH
BRAND ELEMENTS

A fine hairline directs the gaze from the Villeroy & Boch logo to an elegant recess. This picks up on the archway in the logo and symbolises the brand's combination of tradition and innovative strength.

REVOLUTIONARY DESIGN

Be amazed by a completely new shower toilet design. For the first time ever, the entire technology is integrated in the ceramic rather than the seat. This allowed us to design the toilet lid absolutely flat and linear, making the shower toilet not instantly recognisable as such.

*The new
design
standard*

INNOVATIVE
SHOWER FUNCTIONS

The innovative HarmonicWave shower jet moves gently back and forward in a lateral wave movement, treating you to pleasant cleanliness and revitalising freshness. Additional jet modes and 5 different settings for temperature, jet strength and shower nozzle position will boost your sense of well-being. Enjoy gentle cleansing with fresh water that is always warm.

*Very gentle
on the skin*

VICLEAN-I 100

Ingeniously discreet. Refreshingly pleasant.

OUTSTANDING QUALITY

Enjoy perfect quality and precise craftsmanship in every single detail. We only use premium materials for ViClean-I 100: the toilet is made from high-quality ceramic, the toilet seat consists of robust Duroplast and the shower nozzle cover of easy-to-clean Quaryl®. All of the components are developed and produced in Europe.

INTUITIVE OPERATION

The ViClean-I 100 has never been easier to operate and is pretty self-explanatory. Just one push of the button on the easy-to-use remote control is all you need to do to start the gentle clean. You can also save and recall your personal settings with the ViClean smartphone app.

PERFECT HYGIENE

Innovative materials and technologies keep ViClean-I 100 hygienically clean. The integrated flush shower nozzle is protected from external contamination and is cleaned automatically before and after each use. The smooth, dirt-repellent CeramicPlus surface allows the toilet to be cleaned quickly and easily. The rimless DirectFlush technology and the QuickRelease mechanism add to the ease of cleaning.

VICLEAN-U+

*A new dimension
of comfort*

ViClean-U+ has everything you would expect from a premium shower toilet. The fully equipped model provides unique comfort and perfect hygiene. Its various features and individual settings meet even the most demanding standards and will take your well-being to another level.

Full of
comfort

ULTIMATE COMFORT
ViClean-U+ has been designed with your comfort in mind. You no longer need to think about opening and closing the lid or seat as it is done automatically or by remote control. Individual user profiles can be saved and then recalled at the push of a button. The shower toilet will also provide you with a subtle nightlight, adjustable seat heating, automatic odour extraction as well as a warm air dryer for comfortable drying at your chosen temperature.

ULTIMATE HYGIENE
The air shower jet, which gently cleanses you with a very soft water jet, is the highlight of this shower toilet. You can also adjust the water temperature, jet strength and shower nozzle position to suit your personal preferences. Rimless DirectFlush technology combined with dirt-repellent materials and a self-cleaning shower jet ensures the toilet remains hygienically clean.

VICLEAN-L

Inspired by nature

ViClean-L boasts a perfect balance of aesthetics and function. Inspired by the contours of a leaf, the modern organic design blends harmoniously with any bathroom design, creating an elegant highlight. The individually adjustable shower and comfort features ensure optimum cleansing and hygiene while providing a pleasant feeling of well-being.

Perfect balance
between aesthetics
and function

PAMPERING SHOWER FUNCTIONS

The highlight is the expanding panorama shower jet with an adjustable jet width for perfect cleansing and a feeling of well-being. A number of other shower functions will leave you feeling fresh. You can also adjust the water temperature, jet strength and the shower nozzle position to suit your individual needs.

OPTIMUM HYGIENE

ViClean-L boasts easy cleaning and innovative hygiene thanks in part to the high-quality stainless steel jet, the seat with anti-bacterial coating and the rimless DirectFlush toilet with a CeramicPlus surface. Very hygienic: the shower nozzle is cleaned automatically with specially ionised water before and after each use.

PAMPERING COMFORT

ViClean-L provides a host of useful features – ranging from an integrated nightlight to adjustable seat heating through to the ability to save individual user profiles. All features can be managed quickly and easily by remote control.
